

2012–2016 Draft Statewide Transportation Improvement Program

This is your opportunity to comment on Montana's Transportation Projects

Transit bus (top), construction project near Polson (bottom), and bike path in Great Falls (right).

The Montana Department of Transportation (MDT) has released a draft of the 2012–2016 Statewide Transportation Improvement Program (STIP). MDT wants your comments and ideas on these projects.

The STIP is a list of projects planned for Montana for the next five federal fiscal years. It includes aeronautic, railway, highway, public transportation, and federal lands highway projects.

The primary goal of the draft STIP is to solicit public comment on the proposed transportation program for Montana.

Each year, MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. We carefully consider and respond to these comments and strive to incorporate them into the Department's decision-making processes.

The public comment period for the 2012–2016 draft STIP runs through April 6. Please send MDT your comments prior to that date so we can consider them for the final document.

The list in this issue of *Newsline* includes projects that will be constructed during the time frame of this STIP. View MDT's entire proposed transportation program at: www.mdt.mt.gov/pubinvolve/active_projects.shtml, or request a hard copy by writing to the MDT Project Analysis Bureau or calling one of the numbers listed on the back page. Copies are also available at your public library.

We encourage the public to comment on this list now or anytime throughout the year as various transportation issues may arise.

To locate the major construction projects listed in the draft STIP (those costing over \$100,000), please refer to the map in the center of this issue of *Newsline*.

Commenting on Other Projects:

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to http://www.mdt.mt.gov/pubinvolve/docs/trans_comm/proposed_proj.pdf.

If you prefer to receive the list by mail, call us toll-free at 1-800-714-7296.

You can also mail your comments to the following address or e-mail them to mdtnewprojects@mt.gov.

MDT Adopts Manual on Uniform Traffic Control Devices

The Montana Department of Transportation has officially adopted the Manual on Uniform Traffic Control Devices, 2009 Edition (MUTCD). The 2009 MUTCD can be viewed on the web at: <http://mutcd.fhwa.dot.gov>.

All projects scheduled for delivery on state facilities in federal fiscal year 2013 should be in compliance with this manual. Projects scheduled for delivery on state facilities in federal fiscal year 2012 should be in compliance with this manual, exceptions will be considered by MDT on a case-by-case basis.
